

Cookie Share is a cookie-related service project that can be implemented at the troop level. This special community service program is very flexible, troops can choose a charitable organization in the area to receive a gift of Girl Scout Cookies.

When taking orders, girls should ask customers if they would like to purchase additional cookies as a special donation to the Troop's chosen charity. Girls can use the extra column on their order sale card to take "cookie share" orders. Those cookies are then donated by the Troop to a designated charitable organization in their community. Girls get to deliver the cookies to the local charity themselves & realize the satisfaction of helping those in need. This is an optional program for troops.

Troop Leaders can purchase Cookie Share patches in the GSDH Retail Stores.
